

Robt. Ingram Honored In Workshop

Robert Ingram, 16, son of Mr. and Mrs. Robert B. Ingram of 283 W. Laurel, attended the 1966 Los Angeles Herald-Examiner and California State Polytechnic College Journalism Department Radio-TV and Public Relations Workshop, which was held from July 31 to August 12.

He is one of 32 students from high schools ranging from San Diego to San Luis Obispo. The students were required to write a story which was assigned by Ralph Alexander, Inter-School Press Association director for the Herald-Examiner, in order to be considered for the program. Recommendations from the respective school principals were also given.

The program had 24 guest men and women instructors in the field of journalism, radio-TV and public relations.

Robert will be a senior next year at Pasadena High School. He will be the executive editor of the school newspaper and also a member of Key Club.

He has been on the California Scholarship Federation two of four semesters and was a member of the Cinema Production Workshop last year. He is also presently the chairman of his church bulletin for the senior high department. He plays the piano and takes lessons from Miss Clara Ingham of Monrovia. His hobbies include sports and photography.

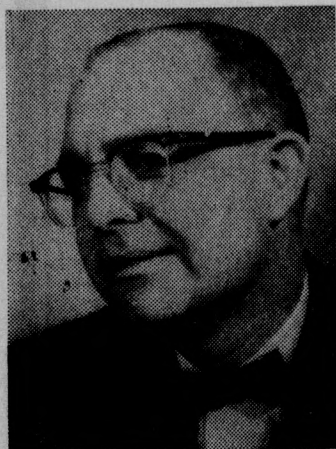

Guy Rossi Named Head Of Campaign

Mr. Guy Rossi, Sierra Madre Postmaster, has been named business area chairman for the 1966 Sierra Madre United Crusade Campaign. The campaign will be held in October.

Mr. Rossi has been a Sierra Madre resident for 22 years, and is also active in Kiwanis. He has been with the post office for 20 years, serving as assistant postmaster for 10 years prior to being postmaster.

Working with Mr. Rossi will be five section chairmen for the business area—Vic Christian of Carl Hansen Ford; Royce Bonds of the Bank of America; Jim Hall, Richfield Service Station; Bill Sullivan, the Bottle Shop; and Doug Delahoe, Harry Lange and Associates—and 23 volunteer.

M. Galpert Candidate

Maurice T. Galpert has filed a Declaration of Candidacy to represent Trustee Area 2 of the new Junior College Governing Board. The election for the seven members, one from each trustee area, will take place on November 8 as part of the general election. Area Number 2 includes the city of Sierra Madre.

Mr. Galpert, who has been spiritual leader of the Pasadena Jewish Temple and Center for the past 14 years, has been an active and influential figure in educational and religious circles of Sierra Madre and Pasadena.

Mr. Galpert holds both a B.S. Degree in Education, and a Bachelor of Arts Degree from Kent State University, and a Master's Degree in English Literature from the State University of Iowa, having also done graduate work at Columbia University and the University of Southern California. He also holds teaching credentials from the states of Ohio and California. He was ordained at Hebrew Union College in New York City.

Sierra Madre Volunteer Firemen To Make Movie On August 26th

Introducing James B. Tyler, Captain In Fire Department

JAMES B. TYLER
... Captain

James B. Tyler of 223 San Gabriel Court came to Sierra Madre in 1940 and for 18 of the 26 years since then he has been a member of the Sierra Madre volunteer fire department, at present, holds rank of captain in the organization.

He remembers back to the days when the town kids always got to ride on the fire truck for the Fourth of July picnic, but today this type of fond familiarity is limited to the exploring of the annual open house given at the fire station, and of course, the clamboring of children over Old Short, now retired to Sierra Vista Park.

Tyler originally came from Tuckerland, Ill., and seems to have always had a batch of kids swarming about his own household, so he's naturally aware of what the glamor and deserved reputation of the fire department can mean to the young. As a matter of fact, his oldest son, Michael, now 21, has also become a volunteer fireman now, so there

Acting City Administrator

Larry Adams Stands Ready To Serve All Needing Help

by Mary-Madeleine Lanphier

Two points stand out in connection with the appointment of Larry Adams as Acting Administrator for the City of Sierra Madre: he's familiar with the situation, and he's not about to push any major policy changes, since he believes these should properly belong to a permanent administrator when one is chosen by the City Council. The questions with which he has been bombarded by the city are answered gradually, as he gets deeper into the details of his post. Of particular interest and reassurance to the citizen community at large is Larry's awareness of the need to maintain a high level of public relations and communication at a time when people have awakened to a renewed interest and concern about city affairs in keeping with the accelerated progress of its development.

To this end, Adams intends to meet with civic leaders, both individuals and groups, to explain City Council policy and to make himself and the various department heads available at City Hall to explain the current programs.

He and the staff are inviting suggestions and comments from citizens, and it would seem that now, as never before, would be a good time for all of us to speak our minds, providing, of course, with equal timeli-

Smoke Bombs Used As Fire As Men Work To Extinguish

Our Department Chosen As High Quality For Training Others

Citizens are requested to look the other way or at least to make no ribald comment if they should, on Friday, August 26, spot any member of the Volunteer Fire Department embellished with a smear of lipstick or a dab of what looks like powder, because the city's volunteers, for this one day, will be film actors.

And that's for real. Roudtable Films, Inc. of Beverly Hills are producing a training film to be called "That Is Not My Job," and our volunteer department has been selected to portray cooperation in action. Interesting point is, that the film is intended for office workers, not firemen.

It's just that the team work necessary to put out a fire makes very visual how it goes if one man sees another in trouble and goes to help, and how it could be if he did not do so. (Man in trouble will be a hose man; in the no-help version, men will have ladders up and break through a burning garage, only to find no water coming through the hose).

A professional actor well-known to the kids as Engineer Bill from his programs on Channel 9, will be portraying the Fire Chief, and there will probably be some other Hollywood actors to supplement the real firemen. It's not that you aren't handsome, Fire Chief Charley Brown, just that it takes experience to cram camera performance of so

much into one day. However, maybe that'll teach you to be so damned modest about all your overwork, as your men accuse you of being!

For interested kibitzers, the action is due to begin at the fire station in City Hall at 9 a.m. Friday, August 26, and will go on up to Sierra Meadows where fire hose operation in action. Interesting point is, that the film is intended for office workers, not firemen.

Later in the evening the men will meet back at the fire hall to discuss the fire and what happened and

—Please turn to Page 2

After discussion, it was agreed that when the City is ready to start any move to annex to the Upper San Gabriel Valley Municipal Water District and through it to the Metropolitan Water District, the actions should take place in the following order:

1. The City Council pass a resolution that if favorable terms and conditions can be arranged with the Upper San Gabriel Valley Municipal Water District and Metropolitan Water District, the City Council will exert every effort to detach from its present water district and join the Upper San Gabriel Valley Municipal Water District.

The wording of the resolution should be as shown since by law the City can-

SHOWN ARE A FEW of the girls in deep practice for the Annual Aqua Show to be staged at the Sierra Madre Municipal Pool on Friday and Saturday, August 26 and 27. Each day's show will start at 8 p.m. and there will be no admission charge for the performance.

S.M. Takes Fourth In L.A. County Swim Finals Sat.

In the Los Angeles County swim finals held Saturday, August 13, our boys took fourth place overall in diving, with 19 points; our girls captured another fourth place overall in swimming, with 45 points, and a second in the girls' relay, with one girl, Nancy Rudolph missing the county record by a mere .2 in the 11-12 50 meter butterfly.

Diving contest, held at Los Angeles State was as follows: (fourth place overall, 19 points): George Matkovich, boys 15-16, third place; Herman Hommerson, boys 13-14, 8th place; Dick Sible, boys 13-14, 2nd place; Randy Hommerson, boys 12 and under, 6th place.

Swimming, at John Anson Ford Pool, Bell Gardens, Nancy Rudolph, girls 11-12 50 meter butterfly missing county record by .2 of a second 39.4 (record 39.2) 1st

Short Time For Big Project

Plan For MWD Annexation Discussed At Water Meeting

A meeting was held on Tuesday, August 9, with the Board of Directors of the Upper San Gabriel Valley Municipal Water District. The meeting was a result of discussions between the office of the City Attorney and the attorney for the Upper San Gabriel Valley Municipal Water District.

In attendance were: Mr. W. Dryden (Charles Martin's office); Mr. W. Vannier and Mrs. L. Bevington for the City of Sierra Madre; Mr. Anderson, Mr. Radford, Mr. Vachon, Mr. Hawkins and Mr. Manning for the board members; Mr. Faucett, board manager; Mr. Helm, board attorney, and Mr. Stetson, board water engineer.

After discussion, it was agreed that when the City is ready to start any move to annex to the Upper San Gabriel Valley Municipal Water District and through it to the Metropolitan Water District, the actions should take place in the following order:

1. The City Council pass a resolution that if favorable terms and conditions can be arranged with the Upper San Gabriel Valley Municipal Water District and Metropolitan Water District, the City Council will exert every effort to detach from its present water district and join the Upper San Gabriel Valley Municipal Water District.

The wording of the resolution should be as shown since by law the City can-

not make a formal move to annex or detach until after they have received the Los Angeles Flood Control review.

2. This would enable the District to spell out terms and conditions and also go

The Old West To Be Theme Of Annual Aqua Fair

The Old West will be the theme of the eighth annual Aqua Fair presented by the Sierra Madre Parks and Recreation Department at the City Pool, 621 E. Sierra Madre Blvd., on both Friday and Saturday evenings, August 26 and 27 at 8 p.m., and there is no admission charge.

Performers in this gala event will be members of the water ballet classes given at the pool during this season, plus comic divers, swim instructors, other adults and a group of Indian dancers from the Order of the Arrow. Early California history will be depicted with prospectors and dance hall girls, wagon trains and other symbols of pioneer days.

It promises to be the most fun event of the swim year and a record attendance is expected.

Ted Stetson Considered In Appointment

Ted Stetson, long time resident of Sierra Madre and known here more for his civic activity than for his reputation of many years in the shipping industry is being considered for appointment to the current vacancy on the five man Federal Maritime Commission.

Even to be so considered is in itself a great honor, and should his appointment be made, those who protest the "jungle" of paper work which has sprouted with increased bureaucracy are likely to have a parade with shredded business forms for confetti, for Stetson has in particular made a name for himself because of his work in helping to create and achieve and the adoption of a single uni-

Peter Ellenshaw Seascape Bought By Sierra Madrean Mrs. F. Potruch

Patron of the arts is a term that Sierra Madre business woman Mrs. Fred Potruch of 376 Cliff Drive, Pasadena, believes is a mite too fancy to apply to someone who has just made her first "major" purchase of a painting.

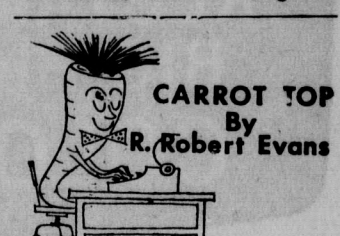

Nonetheless, that is the kind of feeling she has in her glowing enjoyment of the untitled seascape by Peter Ellenshaw, bought at the 17th annual Pasadena Art Auction held around the pool of the Huntington-Sheraton in mid-July.

Mrs. Potruch, better known as Mae Potruch of Trilba Gherkins Interiors, 14 N. Baldwin, believes it was the great luck of having the distraction during the auction of some tuxedoed refugees from another party which interrupted proceedings with meant-to-be-humorous bids which enabled her to secure Ellenshaw's oil at much less than its estimated value, al-

though the price she paid of \$1350 was by far the top sale price of the art works auctioned that evening.

A total of \$4,600 was the net sum raised by this now annual auction which is ac-

—Please turn to Page 12

I received a card in the mail the other day that certainly packs a good wallop, and I will pass it on to you ... On the card was a small boy kneeling at the altar and this is the prayer that he said:

"Live as though every day was your last ... and some day you will be right." ... to me this is a good motto or slogan for those people who are "never right" ... it certainly gives them a chance of "once in a lifetime."

Here is some small political talk ... the other day I was at the Police Department and discussing the condition of the jail from last report of the Health Department.

The discussion finally got around to the conditions of the space for the Police Department. About that time the officer from the swing shift came into the office with the flag from Kersting Court.

He asked the assistance of another officer to fold the flag properly and store it for the graveyard shift in the morning.

I wish you could have seen the maneuvering ... after watching it for some time I came to the following conclusion ... "Sierra Madre is the only city in California where its flag is larger than the Police Department office space."

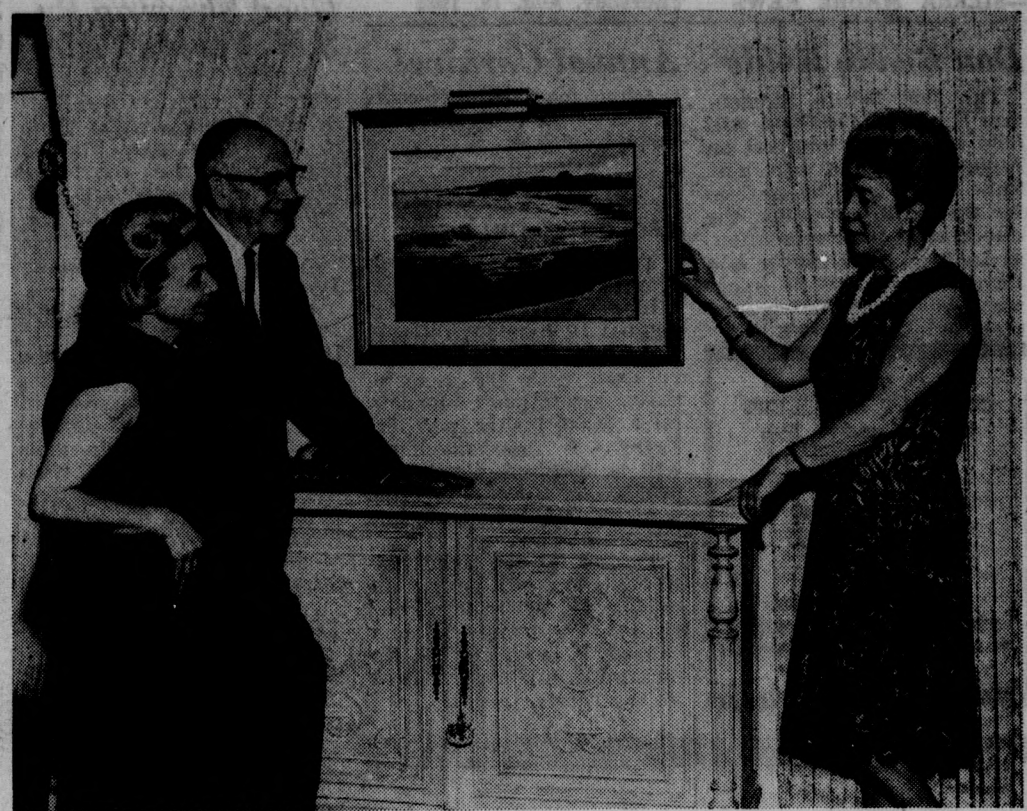

It's just as true as can be. It is impossible to spread out the flag in the Police Department Office ... Just like the other day, when two boys came in with their dog, I suppose to get a license or something. The Council was in session, and a family of six came in to discuss some matters with the department ... honestly, half of the people were standing out in the hall ... This is a deplorable condition, and should be priority No. 1 for justification.

We offer our congratulations to Benjamin McGee and his wife, Jeanne, on the publication of their new newspaper for the city of Sierra Madre, The Clarion. We do wish them success and happiness. You just cannot live and work in Sierra Madre without a little of each.

I remember well my first newspaper and its first edition on November 3, 1935. I put hard work, sweat and actually tears into that first publication. I had worked all night several nights before it came off the press.

At 4 a.m. on that morning it started to roll. Here was a product of my imagination, my dream being produced before my very eyes. I know how Ben and Jeanne must have felt when they experienced this moment a couple of weeks ago. It's tremendous, unforgettable and pleasant, and if never in your life you do one other successful thing, the memory of your first newspaper coming off the press and your distribution will

Sierra Madreans Complete 257 Mile Hike In 28 Days

Usually Takes Many Summers

Two Sierra Madre youths recently completed a 257 mile hike along the Sierra Crest. And the light of alpine meadows, sparkling lakelets and gleaming granite peaks still lingers in their eyes.

Carrying 50 pound packs, Steve Wark and Greg Shepard both 17, had wandered for 28 days through the longest wilderness area in the country. Only the Selway-Bitterroot Wilderness Area of Idaho and the Cascades of Washington approach it in dimensions or magnificence.

Bears prowled their campsite on two occasions but didn't care anymore for the dehydrated food than the boys did and luckily left their packs alone. Most of their journey was along the famed John Muir Trail, often called the "Pathway in the Sky" which runs from the floor of Yosemite Valley to the top of 14,495 ft. high Mt. Whitney highest mountain in the continental United States.

First there were three and then there were two. Big Boyd Keith, 65, an original member of the Search and Rescue Team accompanied the boys for the first 110 miles but at the urging of a loving wife dropped off at

Florence Lake vowing to complete the higher, more strenuous southern section next summer. Although a little disappointed Boyd had made a great hike, climbing the Giant Staircase from Yosemite to Tuolumne Meadows where the trail turns south wending its way through such familiar names and beautiful places as Thousand Island Lake,

A careful study by Chief of Police Bale of the two traffic matters requested by individual businesses was presented to the commission and decision was made to deny the two requests. One of these was for a loading zone area on West Baldwin to serve Bud's TV and Sierra Printing, but lack of city policy, the loss of parking spaces which would ensue, the proximity of angle and parallel parking and the resulting creation of an enforcement policy all contributed to the denial of the request at this time, with the recommendation that delivery trucks could use the public parking area off Baldwin at present.

The concern of Sierra En-

—Please turn to Page 5

Published in this issue of the Sierra Madre News is the annual report of expenditures, receipts and balances of City Clerk Warfel for the 1965-66 budget year of the City of Sierra Madre. This legal publication is required by law, and is usually given the public some time during the month of August. This year several new categories have been added, as well as the full explanation of year ending balances.

With the addition of the extensions this year it is felt that the taxpayer could have a more full knowledge of the receipts, expenditures and year ending balances. This published report will be given to the Council at their regular meeting of August 23.

Don Jackson Is Elected Chairman

At the August 10 meeting of the newly revived Parking Commission of the City of Sierra Madre, Commissioners Jackson, Fox, Meade, Roess and Sullivan were present, plus Chief of Police Bale and Acting City Administrator Adams. Don Jackson was elected chairman and Dave Roess vice chairman for 1966-67, and members were appointed for the following terms of office: Meade, 1 year; Fox, 2; Jackson, 3; Roess and Sullivan, 4 years.

A careful study by Chief of Police Bale of the two traffic matters requested by individual businesses was presented to the commission and decision was made to deny the two requests. One of these was for a loading zone area on West Baldwin to serve Bud's TV and Sierra Printing, but lack of city policy, the loss of parking spaces which would ensue, the proximity of angle and parallel parking and the resulting creation of an enforcement policy all contributed to the denial of the request at this time, with the recommendation that delivery trucks could use the public parking area off Baldwin at present.

Don Benito Holds

The Don Benito Elementary School playground will hold its annual carnival on August 18 from 2 to 4 p.m. This event will be put on by the children under the direction of their recreational leaders, Patti Breyer and Dave Hicks, and is sponsored by the Pasadena Recreational Department.

Annual Carnival

Admission will be 10 cents and everyone is cordially invited to attend.

S.M. Playground Holds Carnival

The Sierra Mesa School playground invites you to attend their carnival on August 18 from 2 to 4 p.m. It will be put on by the children with the help of their recreational leaders, Miss Janet Fisher and Jim Kelley. A haunted house will be featured, along with prizes for everyone and popcorn and lemonade sold by the parents. Tickets for the event are 10 cents and will entitle the holder to ten carnival events. They may be purchased in advance at the Sierra Mesa playgrounds or at the carnival.

Good Showing By S.M. Tennis Team

Valiant is the word for the effort put forth by the Sierra Madre tennis team when it met with San Gabriel players on the courts of Monrovia High School Saturday, August 13, to do battle as a member team of the San Gabriel Valley Junior Tennis League.

Many of these girls and boys, who were playing in the 10, 12 and 14 divisions, had just started tennis this summer in the program of the city's recreation department and this was their first tournament play. With the victory of one member, Paul Copeland, as inspiration, they now look forward to more practice and a better showing next summer.

Orchid Hobbyist Meet August 18

The San Gabriel Valley Orchid Hobbyists meeting for August will be on August 18, at 7:45 p.m. at the Los Angeles State and County Arboretum, Arcadia.

The speaker for the evening will be Frank Fordyce, formerly of Fred Stewart Orchids, Inc. who has his own orchid range in Ocean-side, will speak on "Orchids Present and Future."

The culture class will have Mrs. Myron Ferguson who will talk and demonstrate on "Corsages and Arrangements." This class meets at 7 p.m. in the lecture hall.

There will be a bus trip coming up and the annual banquet in October.

Sierra Madre Firemen Host Association

Tuesday, August 16 was the occasion of the annual "hosting" by the Sierra Madre Volunteer Fire Department of the members of the San Gabriel Valley Firemen's Association.

A regular monthly business meeting was held, plus a buffet with beer and informal conferences. The gathering was held in the VFW meeting hall on Montecito, began at 9 p.m. and lasted until "2." Members of the S.G.F.A. meet every month at a different member city.

Golf Club Holds 18 Hole Tourney

A low net 18 hole tournament was held by the Eaton Canyon Women's Golf Club Tuesday, August 9. The winners in "A" flight were Mary Terrell, Nicky Riordan and Peggy Simpson.

In "B" flight Sara Rose Parrott took top honors, followed by Press Shackett and Mary Angel.

Jane Eastman was the leader in "C" flight, followed by Ann Kessler.

In "D" flight the winner was Fran Ross with Katherine Geck as runner-up.

Announcement by WCTU Prexy,

Mrs. Nelle Vieira, president of the W.C.T.U., reports that in place of the regular meeting this month in Park House, the group will hold its annual picnic August 25. This year it will be a day at Knott's Berry Farm in order to see the new replica of Independence Hall just opened. Transportation will be provided by Mrs. Vieira and Mrs. Ower.

September will be the beginning of the new year for the W.C.T.U. and Mrs. Vieira reports an active year is planned and reminds us that friends are always welcome.

Fire Department viewers will see the "cuss can," the mementos on the walls, the piano, and in general get the message of the camaraderie which ensues from team work.

Villa Views

By
Toni Maurin
SYcamore 7-9634

If you are going to be in fashion this year you must certainly adopt the "London Look." Now I just don't know why except it is something different to do. With this in mind I took inventory of my own wardrobe to see if it was convertible to this high fashion note.

I was more than pleased to find out that it is. Those drab numbers that I feel honor bound to keep year after year even though I don't wear them will be my new wardrobe.

They have always nagged at my conscience because I made a bad buy and I was stuck with it. Now I'll take them out, dust them off, mix striped skirts with flowered coats and polka dot vests, get myself a few pairs of uncomfortable looking shoes, and there you are.

You must make sure if you intend to step into this high style group that your make-up is in keeping with your costume. Brown is the thing. Brown eye-shadow, rouge, powder, lipstick . . . Matter of fact, if you want to stick your whole head in a can of brown paint and comb it through your hair you'll be a fashion plate . . .

And now that I have settled my fall wardrobe.

Talked to Mrs. John Griffith the other day to find out what her daughter and son-in-law were doing. Her son-in-law, Lt. Richard Evans has just been made Company Commander of the Combined Action Company, which means that he will command civic action in secured villages in East Vietnam. His troops consist of two thirds Vietnamese and one third United States Marines.

Kathryn is home with Jack and Lorraine until John returns from overseas. In the meantime the entire family is anxiously waiting the birth of her baby which is due sometime in October.

Mrs. Everett N. Shaw and her sister, Mrs. T. E. Burgess had a morning coffee party last week in order that Mrs. Lee R. Wallace could meet some of her immediate neighbors.

Those invited Mrs. Emanuel Postinis, Mrs. George LaConte, Mrs. Alfred Allen, Mrs. Harold Bell, Mrs. Charles Marston, Mrs. Charles DiBias, Mrs. Chesley Osburn, Mrs. Holling C. Holling, Mrs. Eldon Osburn, Mrs. William Blakley, Mrs. Stanley Osburn, Mrs. Fred Thompson, Mrs. Harlan Dunn, Mrs. Stephen Lazarian, Mrs. Henry Asher, Mrs. Gardiner Wilson and her mother Madame Leone Pucheu, Mrs. William Baugh, and Mrs. Gilbert Olson.

Mrs. Edwin Pyle of Old House Road had a family party last Friday evening to honor her cousin, Miss Nickie Whitehouse who will be married on September 3 to Star Staurest. He was born in Norway and last year Nickie went over to meet his family. He is in Officers Training School now in pharmaceutical training.

They had a patio barbecue dinner party and Nickie was presented with a guest-of-honor gift.

Among those present were her parents, Mr. and Mrs. James Whitehouse of South Pasadena, Mr. and Mrs. William MacBeth and their son Tom, her grandparents, Mr.

Better Health for ALL Americans

One of the important and authoritative speakers mentioned in last week's **Apothecary** was Dr. James L. Goddard, Commissioner of the Food and Drug Administration, who spoke on "A Unity of Effort," and since this effects you, our neighbors and friends, it is important that you become aware of our thinking on the national level. As you know, Pharmacy is just one part of the health team and its efforts must be coordinated with those of Medicine, Dentistry, Nursing and even Veterinary Medicine. No group working by itself can do the job, so it is necessary for us to work within a national framework of health, in which each component has a responsibility and a mission to perform. Naturally that performance would mean little if not done with an earnest sense of cooperation and understanding regarding the entire national health effort.

The practicing pharmacist occupies a significant — and not always easy-position, for he must daily deal with manufacturers and suppliers of drugs, with physicians and nurses of every specialty, and with many agencies of the government so that his profession, a well as his public, is cared for — and cared about.

During the last 20 years we have brought forth an amazing new array of drugs, and with it a renewed obligation to make sure that these pharmaceuticals work for — not against — the man, woman or child for whom they are prescribed.

We at Hartmans pledge to do our part in providing the best in Pharmacy for you, our friends.

With August the vacation month for the large segment of the populace who had some member of the family attending summer school, a few reminders might be in order for those about to take off. Mind the minutes when it's overcast at the beach, because the sun can burn right through it — fifteen minutes first day is plenty. "Leaves three, let it be" is a saying which can protect against poison oak as well as ivy. A straw hat is cheaper than medical care for sunstroke. If the boys are hiking, have them go in threes, not pairs, because if there should be

an accident, one can stay with the injured while the other goes for help. A really long hike ought to include flashlights and rainwear in the pack. And tell kids, if lost, best to stay put, not wander, though getting to a clearing may make spotting easier.

New EKG Machine At Casa Colina From Lions Club

A 35 year old electrocardiograph machine has been retired at Casa Colina, thanks to the members of the Pomona Uptown Lions. Among the most urgent of the many items needed in the Center's development plan, the new EKG represents a gift of nearly \$500 from the Lions, and only a small part of their many philanthropic and service projects for the current year.

An integral part of the diagnostic and treatment services at the Center, the gift represents a major step forward in providing the latest in equipment needed for the development of a complete comprehensive regional evaluation center. X-ray facilities provided by a gift from Kaiser Steel Company were announced earlier this year.

Fall Wedding For J. Hollingsworth,

Mr. and Mrs. Harry R. Hollingsworth of 124 N. Adams, Glendale announce the engagement of their daughter Judy to Darrell O. Clardy, son of Mr. and Mrs. Harold B. Clardy of 541 W. Orange Grove Ave., Sierra Madre.

Miss Hollingsworth graduated from Crescenta Valley High School and the California Lutheran Bible School in Los Angeles. She has also been attending Cal Poly at San Luis Obispo.

The bridegroom-to-be is a graduate of Pasadena High School and received his Bachelor of Science degree from California State Polytechnic College at San Luis Obispo in June. He will be leaving at the end of August to do graduate work at Iowa State University in the field of biophysics.

The announcement was made at an open house at the home of the bride-elect's parents for family and close friends. The wedding is planned for the fall of 1967.

Defensive driving will always pay

Anita Florence Tilley, 1961 Deb, William Kent Althouse, Take Vows

MRS. WILLIAM KENT ALTHOUSE
... nee Anita Florence Tilley

Anita Florence Tilley, 1961 Debutante of Los Angeles Athletic Club, and fourth generation Californian exchanged her wedding vows with William Kent Althouse on Saturday afternoon, July 30 at four o'clock in the Church of Ascension, Sierra Madre with Father Harley G. Smith Jr., performing the double ring ceremony. The bride is the daughter of Mr. and Mrs. Jack J. Tilley of Sierra Madre and Palm Springs. The family's former residence is Lido Isle.

The bride, escorted to the candlelit altar by her father, wore a wedding gown of peau de soie satin and chantilly lace appliques embroidered in seed pearls and crystals with a long chapel train. Her crown was a picture of elegance, made of seed pearls and crystals attached to an elbow length veil.

The bride's sister, Mrs. Robert R. Hill of Seal Beach, was matron of honor. Bridesmaids were Betty Jo Tilley, a sister, Lynette Join, a cousin from Long Beach; Susan Wise, of Glendale; Mickey Althouse, of Hollywood; Tricia Tracey, of Pacific Palisades, and sister, Tomi Lee Tilley, junior bridesmaid. Mary Zapata was flower girl. All attendants were in full length yellow chiffon and white eyelet, empire style dresses.

By Joseph Delgado Sr.
At least one article in every smart woman's wardrobe this season is likely to be made of satin. This is just one of the luxury fabrics that's enjoying a popular revival.

The sleek, smooth surface of satin makes many people believe that it sheds lint and dust particles easily. Not so. Its distinctive appearance is produced by countless numbers of loosely held, floating threads which form the surface of the right side of the fabric. This weave is inclined to pick up lint and other tiny particles which often become trapped under the floating threads and take delicate cleaning methods to remove.

Satin also is extremely susceptible to abrasion damage. Never rub it with a cloth or home cleaning agent to remove spots. To do so may produce dull blotches which never can be removed. With satin, as with all fabrics, your cleaner must test it first to see if it is made of silk or cellulose acetate rayon fibers, both of which require special handling. You can be sure of painstaking and expert care when you send us any of your delicate fabrics—satins, silks, chiffrons and others. Send them to us with confidence.

Blanket cleaning special, \$1.60 value for \$1.00.

Bridge Tourney In September

Reservations are being taken for the seventh annual bridge tournament sponsored by the Don Benito PTA, with special encouragement extended to novices to join the separate beginners group. Entrance fee is \$7 per couple.

Culminating the tournament will be a party for all participants. Prizes will be awarded the winners at this time.

This popular tournament is enjoyed by those who wish a sociable, informal game of bridge.

Play begins in September so call soon to insure a place.

Sycamores Hold Ground Breaking

"The Sycamores," one of the oldest children's institutions in the Los Angeles area held ground breaking ceremonies August 2 at their new 4-acre site at 2933 El Nido Drive in Altadena.

More than 100 members, civic and service club leaders were in attendance and heard "The Sycamores" president, Mrs. Edwin A. Barnes, Jr., outline a \$305,000 expansion program for the non-sectarian children's home first established in 1902.

Other speakers on the program were Pasadena Mayor Boyd Welin, Dr. Edgar Egly, assistant superintendent of schools for Pasadena, Ed Wilkie, field deputy for Supervisor Warren Dorn, George T. Swartzott, executive director of the home and Robert E. Coates, chairman of the fund raising program. All praised the past accomplishments in the field of child welfare and remedial education and training.

Mrs. Barnes pointed out that urbanization and traffic problems caught up with her organization necessitating the move to the wide open spaces of the Altadena site.

The Sycamores is a self-supporting, non-profit charitable organization. Its principal function is to assist boys ages 6 to 14 suffering maladjustments because of illness, family financial reverses or adverse family circumstances.

For your Bulletin Board:
Be sure to register early for PCC classes — registration for full time closes August 26, but's a good idea to avoid the rush even if only planning part-time.

— ☆ —
This weekend, August 27 to 29, three outings are a pleasant possibility. The 20th annual Farmer's Fair at Riverside County, in Hemet, will have "Kids' Day" the 17th, with a free teen dance at 9 p.m. There'll be a farmer's daughter contest and a championship rodeo. There'll also be a County Fair this weekend at San Luis Obispo, Paso Robles.

Edie Wilson

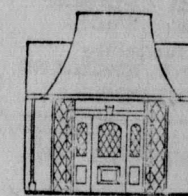

Already a well established hair stylist and beauty consultant when she joined the staff of Continental Hair Fashion three years ago, Edie has acquired a faithful and ever growing clientele. She's a true artist in hair coloring and in the use of additional hair pieces for heightened sophistication.

To dramatize the rare pensive beauty of this client, Edie has created a coiffure that projects an exotic Oriental effect. The hair was first given a body permanent to establish manageability, then an artful cut with brevity of length in back, slightly longer sides. The asymmetrical arrangement features parted bangs and an additional hair piece woven in with the natural hair on top to add flattering height. Edie has colored the hair a glowing, burnished auburn to enhance her client's lovely complexion.

PLEASE! Do not give Eaton's Restaurant an award!

(we don't want to spoil our perfect record)

It's nearly time for us not to be awarded something again! And we hope nobody slips up and says our Fried Chicken has just won a prize. Some restaurants become hysterical if they're not on the "best this or that" list. We couldn't be happier the way things are... so long as our customers keep giving us their own special awards everyday. It's called money... and it fits into our cash drawer so much better than a trophy or a plaque.

Don Jackson

engineering for personnel safety in the heavy pedestrian traffic between their two buildings on opposite sides of the long block of Montecito does not seem to be answered by any advantages of a crosswalk, which was denied. President Aaron Bloom had already planned to withdraw this request in favor of some other traffic safety device which would be installed at company cost if agreement on continuing need and type of device is later arrived at. The possibility of using Kersting Court as a parking mall was discussed and clarification on Council request for a traffic survey will be requested.

Ted Stetson Considered In Appointment

long list of exporters, shipper and steamship executive supporting Mr. Stetson, he also has the endorsement of the Technical Assistance Division, Bureau of Archives, the paper work experts who function as consultants to any department which wants to simplify. Who today would not endorse simplification and a man who can achieve it?

Two major reasons were given by one of his endorsers for his appointment to be made; that the FMC now has on one with Western experience, an important consideration when both the present growth of export-import business from West Coast ports and future long range expansion would seem to require such knowledge, and Stetson's 25 years of work in the field of raw materials at a time when most men have concentrated on manufactured products.

An additional qualification is the legal know-how Stetson has acquired by practice rather than degree, just as a law student must put in time in a law office before being properly qualified. He has practiced maritime law before the FMC to which he hopes to be appointed, was the only one of 19 lawyers sans degree in a recent case which he won, is backed by the General Counsel of U.S. Borax and actually was first proposed for this post by an admiralty law firm in San Francisco, where most shipping companies have their western headquarters.

Prior to his work with his present firm, Ted Stetson worked in the steamship business itself, so he knows both sides of the negotiating table, and his ability to deal well with people is repeatedly mentioned in the raft of supporting correspondence backing him.

Working in shipping seems to have been Ted Stetson's forte. Please turn to Page 7

Larry Adams Stands Ready

Engineer, since February, 1964, that many people may not have realized the scope of his responsibilities.

He functioned as recording secretary for the Planning Commission, and in this capacity attended all the commission's meetings, accepted reports, planned agenda and staff reports, worked with citizen groups. He also directly supervised some personnel, researched and prepared information for various City Council and other action dealing with ordinances, budget proposals and so on.

Of course on the engineering end of things he has been in charge of all city construction contracts and the preparation of plans and specifications for these. This business has included well drilling, installation of pumping equipment, street construction and resurfacing, sewer construction and fencing, as well as general supervision of construction performed as public improvements for subdivisions, and has required coordination with Police, Fire and Building Departments; studies in traffic engineering are currently in progress also.

As if that were not work load enough, Adams helped form an Employee Safety Committee in November, 1964, which is still active, and he regularly attends meetings, to further his background in municipal work, of such groups as the Foothill Traffic Engineers, West San Gabriel Valley Planning Council, Municipal Management Assistants of Southern California.

Further, from July to November 1965 the resignation of the city's Public Works Superintendent thrust on him the added responsibility for direct supervision of street and water crews. In short Adams is in a unique position of down-to-earth familiarity with the problems confronting any City Administrator for Sierra Madre.

That Adams has been able to continually assume heavier work loads and weightier responsibility and has not flinched from his current assignment is testimony to the solid background he brought to his work here.

While the details of his prior engineering experience might be more knowingly assessed by those working in similar fields, his pile-up of scholastic honors would be a tip-off to even an average reader. He received both his B.A. and M.S. at

Plan For MWD Annexation

to Metropolitan Water District for terms and conditions.

One of these terms would be that the Metropolitan Water District would assume our water amount and would repay the District and City for payments incurred to date on the development of the State water line.

One of the Upper San Gabriel Valley Municipal Water District's conditions would be at least three years for the city to pay up its back taxes to the District. They charge 4 per cent simple interest. Also, Sierra Madre should be excluded for the District replenishment water costs to date.

3. At the same time the City should approach the State Department of Water Resources and attempt to get the state contract amended so the City's share can be separated from the District allocation and assigned to the Metropolitan water District.

The State must consent to the change in the contract and both the State and our present District may contend that this change substantially weakens the position of our district and no change can be made.

The City position would be that we are attempting to obtain our alternate supply at a lower cost with a dual supply possible and we are not hurting the District since or amount of water, cost of supply, and assessed value are very much in balance and our removal will not upset the ability of the District to pay for their supply.

4. The City should NOT make any approach to the Local Areas Formation Commission until the above are done since the above are some of the questions they will ask.

One of the main points we want to accomplish with the Los Angeles Flood Control is that the detachment vote should take place

Support You Hometown Newspaper and keep your Community Alive.

The expanded classes for both adults and children offered by the Pasadena Art Museum will open September 26, with registrations accepted after September 1, or earlier by mail. Particularly noteworthy among all the art class opportunities available in the area is the Museum's experimental arts program, which will offer a special Saturday class for all ages.

One item of interest on petitioning the Los Angeles Flood Control is that there are three possible methods: 1) Council petition, 2) 5 per cent petition from registered voters, and 3) 35 per cent petition from registered voters. The Los Angeles Flood Control District can refuse to act on both "1" and "2" but must act on "3." I feel that this item is for interest only as I do not feel they would refuse to consider a Council petition.

5. Sierra Madre would be excluded from the replenishment costs presently being paid by the Upper San Gabriel Valley Municipal Water District unless some arrangements are desired which would allow Sierra Madre to place water in the San Gabriel Basin and then pump out to the Raymond Basin. This might be desirable under an exchange provision with Arcadia by which they would pump more San Gabriel Basin water and Sierra Madre use Raymond Basin.

6. Sierra Madre would be requested to accompany the Upper San Gabriel Valley Municipal Water District representatives when they discussed the matter with the Metropolitan Water District.

When there's no meeting for Larry on his agenda, he puts in evening time in extra study and paper work, while Alice determinedly works on her first attempt at a hooked rug.

The Adams have not gotten away for a vacation this summer and now are not likely to do so, but the quiet life is alright with Alice for she is expecting their second child, due in January, and she is pleased that her husband's burning of the midnight oil is winning recognition.

Adams has nonoratorical stand by reserve of the military forces, and was an active member of the Sierra Madre Reserve Police Force until his recent appointment. His wife Alice is a Kansas City girl, met and married back there, though her family, parents and two brothers are now out here at Redondo Beach, which is where Larry and Alice go for most of their swimming and fishing.

Sometimes in the early evening, the couple go bike riding in the vicinity of their present home at 4026 Daines Road in Arcadia, with their little daughter Kristie, now three, gleefully perched in the basket of her father's vehicle, her green eyes sparkling.

Further, from July to November 1965 the resignation of the city's Public Works Superintendent thrust on him the added responsibility for direct supervision of street and water crews. In short Adams is in a unique position of down-to-earth familiarity with the problems confronting any City Administrator for Sierra Madre.

That Adams has been able to continually assume heavier work loads and weightier responsibility and has not flinched from his current assignment is testimony to the solid background he brought to his work here.

While the details of his prior engineering experience might be more knowingly assessed by those working in similar fields, his pile-up of scholastic honors would be a tip-off to even an average reader. He received both his B.A. and M.S. at

S.M. Takes 4th place; Mary Ann Feeney, girls 15-17 50 meter butterfly, 6th place; Susan Weckerly, girls 7-8 50 meter freestyle, 7th place.

Relays: Girl 11-12, 200 meter freestyle relay, Terry Falco, Nancy Rudolph, Peggy Bullard, Kim McKenzie, 2nd place.

Girls 11-12 200 meter medley relay, Terry Falco, Jenny Jacobsen, Nancy Rudolph and Kim MacKenzie.

Qualifying for the Southern California Municipal Athletic Federation finals, to be held Saturday, August 20 at the Lynwood Natatorium: 8 and under, girls 50 breaststroke, Susan Weckerly; 11-12, girls 50 butterfly, Nancy Rudolph; 15-16, girls 50 butterfly, Mary Ann Feeney; 11-12 girls 200 meter freestyle relay, Nancy Rudolph, Peggy Bullard, Terry Falco, Kim MacKenzie, alt. Debra Knickelbein.

Earlier last week, on August 6, boys and girls from Sierra Madre garnered another batch of swim honors in the Second Annual South Pasadena Invitational Swimming Meet, backed by the Department of Parks and Recreation and the Kiwanis Club. Their take: eight first places and three high point trophies.

Participating were: Debbie Knickelbein, Kristine MacDonald, Gretchen Popp, Nancy Rudolph, Susan Weckerly, Dan Banis, Alan Hartley, Roger Keith, Mike McKay, Jay Reed.

Bethany Church News

Dr. Robert N. Schaper, pastor of Bethany Church of Sierra Madre will return to his pulpit on Sunday, August 21 at the 10:20 worship hour. Dr. Schaper and his family have been vacationing in the east and now assumes his duties as minister of the church he has served since 1953. His wife Margaret, as music director will assist him in the morning service in the sanctuary at 93 N. Baldwin as well as the

outdoor evening service at 7 o'clock.

On Wednesday evening, August 24, Mr. Bill Ashe of Shaw Pump Company in El Monte will speak at the Summer Family Service at 7:30. Recreation follows the Bible study and prayer time for all age groups. Mr. Ashe is the chairman of the board of missions at the church and carries a vital interest in many areas of the church's ministry extended literally around the world through partial support of 17 missionary families and over a dozen other unique service ministries.

The youth program of the church directed by Robin Thurman, seminary student from Dallas, Texas, continues this week with special activities for junior and senior high youth. Both the Seven-Up and Upper-Ten clubs meet on Friday morning at 9 for an all day trip to the beach. Any young person is welcome to attend and may do so by calling 355-1409 for reservations.

The church continues to minister to the community after nearly fifty years since its founding in 1918. Visitors are welcome to any of the services of the church including a completely age-graded Bible class structure at 9 on Sunday morning.

Sermon Topic At Congregational

Celebration of Holy Communion will be a part of the worship service at 10 a.m., August 21, at Sierra Madre Congregational Church, and Rev. David G. Howell will deliver his sermon, "Grow Up in Every Way."

Based on the fourth chapter of the Epistle of Paul to the Ephesians, the Communion sermon emphasizes St. Paul's phrase to use whatever God gives in such a way that we shall attain to the unity of faith and knowledge of the Son of God.

Church school classes will continue at 10:30 a.m. each Sunday for children of nursery, kindergarten and primary age (through second grade in school last session). Young people who are junior age (entering fourth grade in the fall) and older are asked to join with their parents in the worship services.

This church school arrangement will continue through September 11.

Faith Lutheran To Hold Vacation Bible School

The two-week Children's Vacation Bible School will open at 9 o'clock next Monday morning at Faith Lutheran Church, 835 Hastings Ranch Drive. Sessions for children from kindergarten age on up will be held each morning from 9 to 11:30, under the theme "My Savior and I."

Directing the educational feature will be Mr. Donald Hingst, the church's minister of Christian Education and Youth. Serving on the instructional staff will be Mrs. Gladys Moore, Mrs. Charlene Meuser, Mrs. Esther Leech, Mrs. Barbara Miller, Mrs. Janet Rutz, Mrs. Dorothy Hesse, Mrs. Shirley Hingst, Mrs. Harriet Larson, and Russel Milbrath. Assisting in the handicraft and playground activities will be the following young people: Glenna Schroeder, Debra Fair, Mia Wessels, Cynthia Coleman, Nina Plischke, Artie Larson, Bruce Curl, Craig Garner, and Linda Porter.

In the 10 o'clock Sunday morning worship service, the Rev. Armin Hesse will speak on "The Church — Justified Ministers and People." This pulpit message will be the third on "The Eight Nocturnal Visions of the Prophet Zechariah," and will concern the fourth vision.

Meeting at 8:45, the Sunday school departments will study the Scriptural accounts of "The Conversion of Saul." Bible classes for the young people and adults meet during this same hour, with nursery care provided for pre-Sunday school age children to enable parents to attend.

A. R. St. Johns Guest Speaker At Santa Anita

Adela Rogers St. Johns will again be guest speaker at the Santa Anita Church, 226 W. Colorado Blvd., Arcadia, Sunday morning, August 21, at the 11 a.m. worship service. Her subject will be, "The Turned-On People." Mrs. St. Johns is nationally known as a great newspaper woman, short-story writer and lecturer. Her two full-length books, "Final Verdict," and "Tell No Man" have established her as a great novelist. The message she brings is always stimulating, inspiring and purposeful. Come and bring your friends. Infant and child care is provided during the service.

Graded classes in spiritual education are provided at 11 a.m. for youth from kindergarten through high school. Please call the church, 446-8206, for further information concerning week-day activities.

The Santa Anita Church Day School affords children from kindergarten through eighth grade a great opportunity for a fine academic education plus a sound spiritual understanding with which to face life. Please call 446-8206 concerning enrollments.

"Call Dial-for-Prayer, 446-6162, day or night, for spiritual help," notes Dr. Barnhart.

Old Crow Picks Young Boy As Object of His Affection

The crow was a wild crow, everyone said, but somewhere at some time a small boy must have tamed him enough to win his undying affection. Because last Monday when Tony Matter, 8, and his sister Carol, 6, were sent out into the yard of their home to pick up the fallen apples there, the crow flew down from the perch on the roof of the garage, landed on Tony's head and began to express his devotion with repeated gentle pecks.

Brushing him away daunted him not; he liked Tony and meant to let him know it. Tony says he wasn't afraid, not really, but his mother became alarmed and called the police.

Police Officer Mike Hildum went over to the Matter house at 520 Manzanita, requisitioned some saltines and eventually persuaded the visitor to partake of the goodies from his hand. But the crow evaded attempts to grasp him, and finally flew away in disillusioned sadness.

But true love is forgiving and not given to holding resentments. Come Friday, the crow was back on the garage roof, pacing back and forth in anticipation of his new young master's appearance.

No sooner had Tony set foot in the yard than Mr. Crow was again administering endearing pecks to Tony's sunbleached hair. Just as quickly, his mother, Mrs. John Matter, had recalled police, and this time Mike Hildum took along Officer Ed Riley after notifying the Humane Society. With four men standing around ("they were afraid to get it," says Tony) it was Master Tony who betrayed the crow with cookie lure to accompany him into the lanai where a door was shut, confining bird and boy until the crow could be caught put into a cage.

Tony and his sister, who recently returned from a week at Newport Beach with their parents, already have two pets, Tiger, a striped cat, and Cocoonuts, a white hamster. But now Tony would like to have a bird, too. "I liked him," he says, wistfully.

Guess it just goes to show — we love those who love us.

ATTEND THE CHURCH OF YOUR CHOICE SUNDAY

'Mind' Is Topic Of Lesson-Sermon

"Great is our Lord, and of great power: his understanding is infinite." This well-known verse from Psalm 147 is the Golden Text for this week's Bible Lesson-Sermon on "Mind" to be read in all Christian Science churches on Sunday.

Included among the explanatory readings from the denominational textbook "Science Health with Key to the Scriptures," by Mary Baker Eddy, will be these lines: "Nothing is new to Spirit. Nothing can be novel to eternal Mind, the author of all things, who from all eternity knoweth His own ideas. Deity was satisfied with His work. How could He be otherwise, since the spiritual creation was the outgrowth, the emanation, of His infinite self-containment and immortal wisdom?"

The Santa Monica fifth Annual Sports and Arts Festival runs from August 19 through 23. Friday, August 19 there'll be an Old Times Dance at Miles Playhouse in Lincoln Park from 7:30 to 11 p.m.; same evening, from 9 to 11 p.m. there'll be National Lifeguard Championships on the beach at Bay Street. Next day, Saturday, there'll be the Hawaiian Outrigger Canoe Race and the Dory Championships.

Heating Sales and Repairs

Introducing James B. Tyler

today, works part-time and is involved in school and other civic activities, and of course the Toy Loan Cottage has reduced the need for toy repair which used to be a major pre-Yule activity for the volunteers.

And it's a busy household. Ann Tyler runs, although one son, Patrick, 20, a graduate of PHS, is now in the Air Force and stationed in Alaska. They still have Timothy, 18, who has gone from PHS to PCC to prepare for a law career. And then also living with the Tylers are two grandsons, Richard and Roger Rubo, 6 and 5, who've been with them for 2 years.

It's not surprising, then, to learn that Scouting is the hobby of Jim Tyler and that he takes a group on a camping trip for a whole week each year.

His large family, in turn, had much to do with hosting the recent party to celebrate the Tyler's 25th wedding anniversary, which greeted them when they returned from an anniversary trip to Hawaii.

Gardening however, is not a leisure time hobby for Jim Tyler, because he's involved with this all day, in his work which concerns installations and controls at So. California Greenhouse.

Because of his work he once had to come all the way from Gardena to a mountainside fire. But like his fellow firemen, Tyler prefers to talk up someone else and joins them in stressing the amount of time put in by Fire Chief Charlie Brown, for instance, of which the citizenry is quite unaware.

But even if overtime on top of overtime is involved, Tyler, like the others, wouldn't give up his volunteer fireman post for anything whatsoever — not voluntarily, anyhow.

High school students can now consider that a sprinkle of glamour has been added to the subject of part-time jobs. Robbie Weise, daughter of Mr. and Mrs. Heinrich Weise of 119 N. Auburn, a recent graduate of PHS, has been doing Saturday housework for Mrs. Lillian Reoss. And now here she is off to Amsterdam for her college. She flies Friday, August 19, had a big going away party at Disneyland last Friday, organized by her best friend, Elizabeth Simpson, daughter of the John Simpsons of Arcadia. Robbie's family came here from Amsterdam six years ago, and in the interval she has been studying Russian as well as French, plans to major in languages. Naturally the Reoss family are mighty proud of her enterprise. Mary Reoss and the three girls, Maryanne, Joy and Ruth are off to Titusville, Pa. for a month of visiting, while Freddie stays home and quite literally helps his dad to "mind the store."

Simple weddings may be increasingly in style, but you'd have a difficult time persuading Mr. and Mrs. David Sample of the Wistaria Bake Shop that the cake is not an essential part of the ceremony! When their grandson, Michael, was married to Gloria Lynn Beckes in Monrovia last week, his father, Norman, and his uncle, Robert Eckles, also bakers, created a real masterpiece of a cake and grandfather Sample went all out on decorating it, under the watchful eye and approving nods of "Nana," Mrs. Sample. The young couple will be living in Duarte.

You and Your Neighbors . . .

With a grandmother in the area breaking sales records with recordings of her singing, and now Mrs. Nelle Vieira, 487 Woodland Drive, making her recording equipment available for use at a modest fee, we can expect most anything in the way of sound from Sierra Madre one of these days. Which brings up one of our prize office stories: seems that a rumor keeps going around that our editor must have some secret system of recording city council meetings, on account of Tuesday night doings appear in Wednesday's papers, yet he has no stenotype machine at hand. Since we have to put up with his groans about coming to work at four every day (and wish we had his grasp of civic study, stuffed files, and a lot of past experience) he gets a lot of staff razzing to cover our admiration for his zeal, speed and plain hard work.

Interesting to note that three members of the Sierra Madre Mountaineers are sons of three members of the Search and Rescue Team: Ken Anderson, Rick Harkness and Chris La Lone. In addition to receiving instruction from the senior group, what many probably do not know is that the boys actually are of great cooperative help to the rescuers. One thing they do is help in the training and workouts with the bloodhounds by laying out trails, sometimes spending a whole day at it, so that a trail begun in the morning is picked up in the evening. Sometimes the boys wait for the men and then they all have dinner together in the mountains. Once the boys stayed out overnight so they could provide a "cold" trail to test the dogs.

If you feel a sudden slight breeze and turning observe a small cloud of dust, that of course will be Mae Reich, who once again, despite vows not to, is chairing the Pasadena Art Fair, to be the best yet — backed by the largest auction sale yet achieved, and a number of Sierra Madre artists will be exhibiting in it. Incidentally, her oil "Sunflowers" brought one of the highest prices at the shishkabob dinner-auction.

Perhaps it's just as well that Kay Rule will be vacationing at Balboa with Nancy and husband Ralph during this time of indignant parent phone calls about the curtailment of school bus service for economy reasons. Before she left, she pointed out that Sierra Madre is not alone in encountering change or restriction, for some other places, such as Linda Vista and Altadena Meadows are also sans bus. Apparently this is a budget decision, pure and simple, and of course parents will be receiving letters about the changes, but the Board of Ed transportation executive, Dr. Egley did indicate that he would be happy to come out and answer questions for people, and Mrs. Rule and other parents would be willing to set up a meeting come September after vacations. Whether anything would be accomplished beyond good public relations is questionable, however, for whether one is a teenager, or wife protesting an allowance or a parent - citizen disgruntled by a budget, simple arithmetic is a simple fact. The teacher did get the promised and needed salary increase, and I think most parents, after a moment's thought, would choose to give their children quality in education, even if it means struggling with car pools and bicycles (perish forbid that a child should walk, of course!)

Mr. and Mrs. Radio Calcaprina have moved back here from Arcadia and now live at 40 N. Auburn. Mrs. Calcaprina will be remembered for her excellent articles in our paper, and once won an honorary award in a National Writers Club contest, so she'd better watch out — some civic group is sure to tap her as press chairman.

Missouri Picnic
You are invited to attend the annual Missouri Basket Picnic at Sylvan Park, Redlands, Calif., Sunday, August 21, at 10 a.m. 'til 5 p.m. Coffee will be served. Officers include Earl Green, president, 1049 Spruce St., Riverside; Gene Carlstrom, vice president, 1033 Stevenson, Colton; Lottie Morgan, secretary-treasurer, 817 Stillman Ave., Redland, and Helen Stewart, assistant secretary, 768 W. I. St., Colton.

Five County Tabulation Up 6%

County Retail Sales Up For 1965 To All Record Highs

A record \$15,912,823,000 in retail sales were registered during 1965 in the Los Angeles Five County Area up \$917 million (6.1%) from one year ago, according to the Los Angeles Chamber of Commerce.

Tabulations by the Chamber's Research Department based on Sales Management Magazine's "Survey of Buying Power" revealed that retail sales for the Los Angeles Five County Area out-rank the total sales of 46 states and are exceeded only by the states of New York, Illinois, Pennsylvania and California.

The Los Angeles Five County Area retail sales in 1965 were greater than the combined total retail sales for the 15 states of Utah, Maine, New Mexico, Rhode Island, Montana, Idaho, New Hampshire, South Dakota, North Dakota, Hawaii, Delaware, Nevada, Vermont, Wyoming, and Alaska.

Other Consolidated Area totals include New York's \$24,776,678,000 and third-ranked Chicago's \$12,582,005,000 retail sales volume. Orange County retail sales totaled \$1,837,398,000; Riverside County, \$658,225,000; San Bernardino County, \$917,674,000; and Ventura County, \$437,000,000.

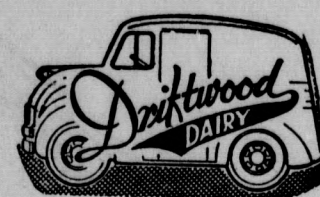

Los Angeles County's automotive sales of \$2,482,127,000 were highest in the nation. Automotive sales totaled \$1,926,038,000 in Metropolitan New York and \$1,947,416,000 in Metropolitan New York and \$1,947,416,000 in Chicago during 1965.

Los Angeles County ranks second only to 9-County Metropolitan New York in house furniture and appliance store sales. The Los Angeles sales volume in 1965 was \$383,847,000 compared to \$974,977,000 in New York and \$451,942,000 in 6-County Metropolitan Chicago.

The 1965 retail sales data show that Metropolitan Los Angeles (Los Angeles County) ranks second in the nation in eating and drinking places (\$1,070,802,000), food store sales (\$2,592,104,000), lumber, building materials and hardware store sales (\$365,698,000), third in the nation in apparel store sales

Peter Ellenshaw Seascape Bought By Sierra Madrean

companied by a traditional shishkabob dinner at the poolside of the hotel. Funds raised are used to stage the annual Pasadena Art Fair, an outdoor event now in its 22nd year which will be held at the City Plaza, with this year's dates Sept. 9, 10, and 11, and Mae Reich, of the studio bearing her name in Sierra Madre as its chairman.

Part of the funds raised are also used to finance three scholarships in art for a selected student from each high school in the area and to present art books to the public library.

The unusually successful auction, which in only three hours, raised more than triple the amount gained by any of the other auctions in the series, was attended by 635 people, with another 200 turned away for lack of tables.

Credit for its success is given to the unusual energy and enterprise displayed by its committee chairman Mrs. Evans (Pat) Konold, who persuaded some top ranking artists to donate their work for the project.

Certainly it was an ac-

hievement to have secured something from Peter Ellenshaw, who won an Academy Award this year for his background art for the film Mary Poppins, whose paintings customarily sell for four or five figures and who is said to have commissions ahead for some time years.

Mae Potruch intends to keep the painting on display during the weeks before the Art Fair to aid the fair's publicity, and as a double-barreled business step: to herald a series of improvements planned for the shop and to encourage the time to become aware that the group of decorators who work from this as headquarters are folksy, competitive in price, with access to all the furniture lines carried by regular stores, plus the imaginative little touches of care which, while inexpensive, require time and thought and are compatible with the her merchandising philosophy as manager of buying pieces gradually as they can be afforded.

A section in the basement of the shop is devoted to racks of swatch books where a client can browse and ponder at leisure and the freedom to choose without a decorator breathing down the neck expresses in fact what Mae Potruch hopes that none of her decorators will at any time impose their own ideas but merely help a customer express hers.

The shop, which serves people from a considerable distance around and outside of Sierra Madre, usually has antiques in stock, a number of old small pieces which are made over, such as lanterns, and is equipped to antique, refinish or secure about anything a person could wish for a home.

Anyone walking around the extensive storerooms and workrooms at this shop and spotting the unusual pieces there might be inclined to comment that Mae Potruch was a "patron of the arts" long before she spent her summer vacation and new car money on a painting she felt she "just couldn't live without." The painting is indeed, unusual of its kind — do go see it.

Letters to The Editor Of The News...

Dear Editor:
There seems to be an epidemic of newspapers lately. The first time I saw a paper in my driveway, I was surprised, especially when I saw "Sierra Madre Tribune," full page of rather interesting news (if you like politics), yet nothing new but what you could find out for yourself if you attend council meetings, but when I turned the page—that was it! One page—is that what you want from your home town paper—and when there is a family scrap or differences among council members, be sure and publicize it?

I have always enjoyed reading about my friends and neighbors, where they have been, what interesting event has taken place. Besides, our Sierra Madre News has become a habit after 50 years, part of our life here. I guess I just love my home town and have a personal pride in it and resent intruders. Maybe there are some things one would like to have a little different. But this is our paper. Have

you ever gone in and told Bob what you didn't like? I'm sure he would listen to you. I'm honest enough to tell him—rather than cut his throat. The very ones who boost the other papers have been only too glad to have Bob back them in some pet project.

Last week another paper was thrown in my driveway. I glanced through this one. It sounds very much like a stranger writing about a place he had never been or knew very little about. I understand they are quite conservative—one conservative trying to run another conservative out of business. I think our little old town "Squeak" was unusually interesting this week. I guess we just do not have the same kind of good old Sierra Madre pride any more. Ten years ago our old timers would have been hopping mad. I guess it's gone, gone the way our patriotism has gone. I guess I should allow for the fact we are getting older and do not have much spunk left.
—NELLE L. VIEIRA.

Mrs. Ray Doty
229 North Hermosa
Sierra Madre, California
Dear Mrs. Doty:

Your letter objecting to the textbook titled "Land of the Free" will be called to the State Board of Education's attention when it meets in Los Angeles next week. Thank you for writing.

Cordially,
—MAX RAFFERTY.

Dear Editor:
Here's the story of our six-weeks vacation in the East. My wife left first for Willowick, Ohio, because she wanted to be there for her niece's graduation, which she enjoyed very much. I stayed in Sierra Madre a while till I finished the remodeling of my barber shop (it's now one of the most beautiful shops in town, even if I say so myself).

When it was finished I left for the East, joined my wife in Willowick, where we stayed a week with her brother, then left for Windsor, Ontario, Canada, to visit my late brother's family, where we also paid a visit to his grave. Then we left for Chicago. Before we left Windsor, my niece's son wanted to give me directions to get to my brother's house in Des Plaines. I took advice from a young man. And—I landed about 25 miles away

... took us over two hours to locate Des Plaines. After a week's visit there with my sister and two brothers (hadn't seen the youngest brother since 1964 in Yugoslavia at the time of my mother's death, we went on Lackawanna, N.Y., a good time, were taken to the Canadian side to see their falls, and after a few days went to the Shenandoah Valley, a beautiful part of the countryside, and on through Virginia and West Virginia.

But, oh boy, you sure can get lost back East, with their highways going through cities, the toll roads and expressways. Natives from the area know the way but God take care of the out-of-state drivers. In the West Virginia hills from Staunton to Bedford I got lost and would swear I passed a Somerset sign four times. Finally at a clearing I saw a crossroads store, went in and in a police way asked if the way there could direct me toward Bedford. He asked how the h-i-I got there. I said on that road. He asked the same question over. By that time I used the same language. I told him by that d-n road and in that d-n car. When he still didn't give me directions, I got back in the car to take our chances, started off and then it began to rain. However, at another crossroads a man turned out to be a high school teacher allowed that he could read a road map and set us straight, though it was 10 p.m. when we arrived.

Returning we went through the southern part of Pennsylvania, Ohio, Indiana, Illinois, Missouri and Kansas and then into Colorado. Denver certainly is a clean city. We stopped in Idaho Springs, a small mining town where the altitude is so high that we both got out of breath just going up to the second floor of the motel, giving us a scare at first. We continued along route No. 40 through beautiful mountains, but it was cold; turned on the car heater couple of times that morning.

One thing you learn is that in every area the price of gas goes up and down. Finally we got to Provo, a familiar area; from here on I knew my way without a map—and no more asking for directions, you bet! From Provo we started out at 5 a.m., eager to be home, made Las Vegas by noon, went to Fanny's which we'd heard had good food, and who should turn up but Mr. and Mrs. Bill Clark (he works for Hartman Drug). We made it home to Sierra Madre that same day. As they say, you are glad to go on a vacation, but it's nicer to be home!

—MIKE AND DOROTHY BACKWANSKY

ATETND THE CHURCH OF

add their congratulations to Mr. and Mrs. Earl L. Penwarden who celebrated their 50th wedding anniversary. There were two parties to celebrate the occasion. One was a family party at the San Gabriel Country Club given by their sons-in-law and daughters, Mr. and Mrs. James Potter of Newport Beach and Mr. and Mrs. Paul Siechert of Mesita Road.

The second party the Penwardens invited Mr. and Mrs. Frank Richards and the J. Russell Gillmans to a local restaurant for dinner and then returned to their apartment for a visit.

The guests were surprised by the many floral arrangements in the apartment and inquired about the occasion. The host's reply was "Remember where you were 50 years ago today? It was the Penwardens' wedding, and Mr. Richards was violinist at the ceremony held in the Steward home which was located on the then outskirts of Pasadena.

LEGAL NOTICE

SIERRA MADRE NEWS
CITY OF SIERRA MADRE, CALIFORNIA
NOTICE INVITING BIDS

For
RELOCATION OF STAND-BY GENERATOR

And
RELOCATION OF STAND-BY GENERATOR

SIERRA MADRE CITY HALL

The City Clerk of the City of Sierra Madre will receive sealed bids for certain generator relocation and masonry construction work, said work involving relocating the emergency generator from the basement of the City Hall to a structure to be built outside the City Hall. Bids will be received up to the hour of 10:00 a.m., September 8, 1966, at which time they will be publicly opened and read in the Council Chamber of the City Hall, 55 West Sierra Madre Boulevard, Sierra Madre, California. The bids will be presented to the City Council at 8:00 p.m., September 13, 1966. All bidders will be required to make an appointment to inspect the site and review the requirements. All work must be completed within 45 calendar days after execution of the contract by the City.

The proposals will be publicly opened and read in the Council Chamber of said City on the date and at the time above-mentioned. Plans and Specifications and a contract documents may be obtained at the Sierra Madre City Hall upon payment of a deposit of \$10.00 for each set of specifications and accompanying drawings. Said deposit will be refunded upon return of the specifications and drawings in good condition within 30 days after the proposals are opened. The specification is entitled "SPECIFICATIONS FOR RELOCATION OF STAND-BY GENERATOR — SIERRA MADRE CITY HALL."

Each proposal must be accompanied by a certified or cashier's check or the bond in the amount of ten percent of the estimated aggregate amount of the bid as a guarantee that the bidder, if an award is made to him in accordance with the terms of his proposal, will promptly execute a contract in the required form, secure payment of workmen's compensation insurance, and furnish a satisfactory faithful performance bond and a labor and material bond. Each of said bonds shall be in the sum of not less than one hundred percent and fifty percent of the estimated aggregate amount of the payments to be made under the contract, computed on the basis of the price stated in the proposal. In addition to the above and if requested by the City, the bidder shall furnish a financial statement of recent date, failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection.

Notice is hereby given bidders that in accordance with the provisions of Section 770 of the Labor Code, the City Council of the City of Sierra Madre has ascertained the prevailing rate of per hour wages for each craft or type of workman or mechanic needed to execute the contract which will be awarded the successful bidder, to be in accordance with the Southern California Master Labor Agreement for the Construction Industry. A schedule of said general prevailing wage rates is as follows:

Complete 257 Mile

The Minarets, Devils - Post
Pile National Monument,
Reds Meadows and Red
Cones. The trio caught their
limit of golden trout in the
Sally Keyes Lake before
leaving the trail and head-
ing for Florence Lake where
we met them with fresh
supplies and solid meals.

A touch of sadness pre-
vailed as the boys shook
hands with Keith and bade
him goodbye. He had been
a good companion, a "Grand
Ole" mountain man and
would be missed. And we
all had a lump in our
throats as we watched the
two boys go, swinging along
their pack frames glinting
in the sun until they disap-
peared in the mountain
fastness. Well conditioned
by years of working and
hiking the Old Mt. Wilson
Trail Steve and Greg had
amazed Keith with their
easy stride and endurance.
"I have never been treated
kinder, or with more respect
by any two youths in my
life. And I will never forget
the sight of them practical-
ly dancing up the high
passes and then running
back and offering to carry
my pack up. But I stuck to
it and carried my own,"
Keith said.

Most unusual and yet de-
pendable is the mail serv-
ice along the trail. Write a let-
ter, give to the first hiker
heading for civilization and
he will mail it. Steve gave
us a letter from a hiker he
met and we mailed to his
girl friend in Great Britain.
We received a letter from
Steve after he was home. It
was mailed from Bishop. Al-
though a popular trail the
boys hiked for two days
without seeing a single
hiker.

But at Rae Lakes they
came upon 42 campers who
had hiked in or were packed
over the crest from the
Kearsarge Pass or the Owens
Valley side. It was too pop-
ular, and the boys moved
on.

They had crossed Evolu-
tion Valley, slept near the
shelter on top of Muir Pass,
climbed the Golden Stair-
case to Mather and Pinchot
Pass, topped Forester and
slept on the summit of Mt.
Whitney.

Here Greg sadly watched
tourist feed fig newtons to
a furry friendly little mar-
mot that abides there. "I
could have wrestled the
beast just to share the new-
tons."

Their long journey was
over as they dropped down
the east side of Mt. Whit-
ney heading for the Portals.
The boys had made a grand
hike. One that is usually
taken in sections over a
period of many summers.

They had followed a trail
the likes of which the world
has never seen before and
will probably never see
established again. Most
trails seek the low places,
the easy routes between
civilization outposts.

"The John Muir Trail, like
the man for whom it is
named, is contrary, open
and bold. It reaches into
sunlight and clouds, thun-
der and lightning and rain.
It dips into the forest now
and then, but much of the
time it is too high for trees,
mastering heights from
which glacier basins, cir-
ques and canyons spread
map-like in all directions.
More than any other trail
displays the country it
traverses."

Many material things will
come and go and the two
boys trail may part. But the
memories of the compani-
ship, the utter silence of the
high places, where even the
wind has no pine boughs to
sigh through, the flickering
of a campfire, and the
golden cast of the alpine
glow that lingers long after
the sun has set on the rest
of our country, will long
endure. I am very proud of
these two boys. Steve is our
son.

Guy Rossi
workers.
The Sierra Madre 1966
goal is \$22,045. This amount
is 6 per cent increase over
last year, motivated by the
additional needs of the
agencies.

The United Crusade is the
great partnership campaign
combining the United Way
(formerly Community
Chest) and the American
Red Cross. Youth, health
and welfare services in Si-
erra Madre and all over Los
Angeles County and service-
men overseas depend on
United Crusade for their
support.

In addition to th business
area solicitation, there also
will be a local mail cam-
paign, followed by the door-
to-door drive in the residen-
tial area.
Mr. Carl Hobson is gen-
eral chairman of the Sierra
Madre drive. Additional
workers are now being re-
cruited and Mr. Hobson
urges all interested people
to contact him or the Red
Cross at 41 S. Baldwin.

Editorially Speaking

Perplexed?

Many of the fourteen persons subpoenaed into the Pasadena Municipal Court at 2 p.m. tomorrow, Thursday, August 18, are completely perplexed as to the action.

G. Norman Kennedy, attorney for Sierra Madre Estates, is the person responsible for the action as a result of a citation issued by the City of Sierra Madre against his client for the erection of a sign on lot 20 of the Subdivision and a trailer sales office moved in on lot 53.

The citations were issued by the City of Sierra Madre, without the sanction of City Attorney Martin, and required the subdividers to appear in court and answer the charges on August 1, 1966. Attorney Kennedy promptly represented his clients to the Court and pleaded not guilty, and asked that the court set the case over, this was done for August 18.

Now "Criminal Subpoenas" have been issued to approximately 14, who will appear in court as witnesses for the defendants, who are listed as John Cronling, Frank Arciero, Henry Nuetzel and James Reams, dba Sierra Madre Estates.

Perplexed, I would certainly say so, here is the present City Council, past City Council, employees of the City and others who will appear AGAINST the People of the State of California or the City of Sierra Madre in what is called a Criminal action.

I will be there, I was one of the 14. I will find out, as will the rest of those to be present, as we are commanded to appear, and disobedience to the subpoena may be punishable a contempt of Court. It will be very interesting to say the least.

Labor Day -- Time To Think

Labor Day, to be observed on September 5 this year, marks the termination of summer, in the minds of most people. It is the last long holiday of the season and is a time for the final outing of swimming, picnicking, boating, or just loafing. The meaning of Labor Day is lost for many in the frantic pursuit of fun. Never before have so many people been able to enjoy the leisure, the luxuries and comforts we see around us in these United States. The rights of labor have never been so certain, nor its obligation to act in a responsible manner more necessary. We must not become insensible to the time-honored virtues of thrift, competence and pride in a job well done.

These are the things that have made possible the turning of Labor Day into a holiday of fun and leisure. These are the things that Labor Day commemorates, and if the nation is to survive in its greatness, they will be needed as never before in the years to come. They are needed now desperately to back up the men in Viet Nam, let alone all future advancements in space, science, industry and technology. Think of these things as you go to the beach or to the mountains this Labor Day.

Youth Center

For heaven's sake, certainly we are for the building of the Youth Center, at an estimated cost of \$45,000 and the starting of completion of it at the earliest possible moment. To us it is PRIORITY NO. 1, in its category, but we will have to agree fully with Mayor Pro-Tem Richard King, that as far as the contingency fund is concerned the priority then drops down to priority No. 4.

In our opinion the Contingency Fund should not be reduced to any degree until a precise plan is set forth for: Priority 1. Police Facilities; Priority 2. Fire Station, and Priority 3. Civic Center, or if you will a combination of all three wrapped up into Priority 1.

I do not pretend to be a construction man, and I am not in a position to argue costs, but regardless of the cost, the amount in the Contingency Fund should be noted, a plan set forth for accumulation and a plan set forth for expenditures.

The negative vote for the Civic Center this year was certainly not on the opinion as to whether we should or should not have it; the vote was entirely on the location, and at this very moment the City Council by a vote of three years could start the Civic Center, fire station or police facilities anywhere in the city, except that portion of ground just west of Memorial Park.

A precise plan would include tentative location, whether they would split up the priorities. The amount of money reserved in the Fund toward this project, the estimated amount to be received from the sale of the old building and property, and the expected accumulation each year, and the plan to start the project. Should all of these figures show that available money would be had during the year 1967-68, then let's get with it.

Now for the Youth Center. It is our understanding that the Parks and Recreation have in reserve from their operating funds \$4,000 and that they also have in the contingency fund \$10,000, which was budgeted for the Youth Center. This gives them a total of \$14,000 of the \$45,000 needed.

Now at the present time the City of Sierra Madre has on deposit and marked "Inactive" somewhere in the vicinity of \$500,000. All dedicated mind you, but inactive and drawing interest.

Why, if approached, would not the City Council grant the Parks and Recreation the loan of \$31,000 from these funds. This loan to be paid back each year at an annual pay-back of \$5,020 from their anticipated income.

This would in no way affect any operating fund, and would not be a direct tax upon the taxpayer. The Youth Center would be built with tax money, to be sure, and would be repaid by the taxpayer, but paid on the basis of "pay as you use" and directly benefiting those "who pay."

For bookkeeping purposes we could say the money was loaned from the Water Fund, Contingency Fund, or just from the Inactive fund, but it could be done; we could have the Youth Center easily by the forepart of next year or this year end if it were high-balled.

Due to the requests of the chairman of Parks and Recreation, Mr. Sam Simpson, this project will not come up for discussion probably before the regular Council Meeting of September 13. This is due, to a great extent, to vacation of both the Commissioners and the members of the Council. It is my firm belief that if the Council is approached on the plan above, with complete details as to the projected usage of the Center that the whole thing could be nalled down at that time. We cannot see much further delay, it has been before the Council for about six months now; it's time for action.

Sierra Madre News

OUT OF THE COBWEBS

Five Years Ago:
August 10, 1961

The Rev. Thomas J. O'Malley announces that the new \$120,000 St. Rita's School and playground will be completed for use in September.

Mr. and Mrs. Walter E. Eaton return from Joliet, Ill., where they have been visiting relatives.

Chairman Mrs. H. Randolph Wood announces that James B. Hall has accepted the chairmanship of the Disaster Program of the American Red Cross in Sierra Madre.

Mayor W. Webster Vanlier signs a proclamation designating Aug. 28 to Sept. 1 as Anti-Communism Week.

Fire Marshal Bert Embree warns residents that the brush-covered foothills and trails traversing through them are closed to the public due to the extreme fire danger.

Twenty Years Ago:
August 15, 1946

Mrs. Hilda Noble and daughter, Nadine, return from a three-week vacation in Long Beach.

Mr. and Mrs. Cal Rambeau leave for a six-month trailer trip East. They plan to cover as much of the United States as possible and cover a number of antique shows.

Mr. and Mrs. Sam Perlot return from a week's vacation in the Bay area.

Bill Thew arrives from Des Moines, Iowa, to visit his father, H. A. Thew, of Windsor Lane.

Sylvia Worthington and Marilyn Iffrig entertain 30 of their friends at a swimming party in Canyon Park pool.

Thirty Years Ago:
August 14, 1936

Mrs. Russell Lovejoy and Mrs. A. H. Embree are among those Sierra Madre residents attending the annual State American Legion Convention in Hollywood.

Rudolph Annan takes first prize in a checker tournament sponsored by the County Department of Recreation.

Sierra Madre boys attending the County Department of Recreation camp at the Union High School, Redondo, are: Ralph and Trent Cheyney, George Coble, Howard de Winstanley, Francis Hibbs, Earl and Richard La Lone, Allan Morse, Jack Melgord, Marvin Thomas, Bert Embree, Gordon Stinman and Jack Martin.

Fifty Years Ago:
August 11, 1916

One classified ad reads: For Sale—Toggenburg goats; going away; will sell very cheap. One fresh goat giving 3 quarts a day.

The Rev. and Mrs. Fred Staff and family spend the week at the San Diego Fair.

Miss Helen Williams spends the weekend as the guest of Miss Arline Jones of Santa Monica.

Dr. and Mrs. L. L. Krebs and family return from Balboa, where they spent the month of July.

Letters to the Editor . . .

Dear Editor

The Sierra Madre News is performing a public service of considerable magnitude by assisting the youth of its area to find summer employment, and we want to express our gratitude for your cooperation.

Community support is vital to the success of our Youth Employment Service program, which is sponsored in your area by the Sierra Madre Civic Club, but the most indispensable support is that of the news media that call the attention of potential employers to the availability of qualified youth for hundreds of temporary and part-time jobs. In each issue, the Sierra Madre News lists, without charge to the young person, the employer, the sponsor, or the State of California, the qualifications of a number of Sierra Madre youth who are seeking jobs.

The success of the combined effort of the community, the sponsor, and the California State Employment Service would be much reduced were it not for this free publicity.

I join the hundreds of youth you have assisted in expressing my thanks for your support.

Arthur Morgan, Area Manager, Los Angeles Metropolitan Area California State Employment Service, 1525 So. Broadway, Los Angeles 15, Calif.

FREEDOM AT ANY PRICE

by
DR. HENRY V. WITTY

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published, and answers forthcoming from the writer. Articles are of the writer's opinion and do not necessarily reflect the policy of this newspaper.

Gus Hall, leader of the Communist Party, USA, tells us: "Fronts are a thing of the past. We (the Communists) don't need them. We've got the W. E. B. duBois Clubs, the Student Non-Violent Coordinating Committee, and the Students For a Democratic Society going for us, but they're not just fronts in the usual

sense of the world. They're just part of the 'RESPONSIBLE LEFT'—that portion of American youth that realizes American society is sick." (Emphasis added). You know . . . that "RESPONSIBLE" portion of youth involved in Watts, Berkeley and Delano! We are having a wonderful time on vacation!

You and Your Neighbor

by Mary-Madellent Lamphier

And here in L.A. there'll be the final events of the Nisei Week Festival in the Little Tokyo section. There'll be kendo sword tournaments, exhibits of judo and karate, a parade. Also on exhibit through August 21 will be the exhibit "California's Way With Water" at the California Museum of Science and Industry in Exposition Park. Continuing through August 24 will be the exhibit in City Hall's Tower Gallery of the winning entries from the 14th Annual All-City Outdoor Art Festival.

— ★ —
The new production of the

Meixcan Players at the Padua Hills Theater, "Celava Stop" will run through September 10. And the first annual photo show sponsored by the Museum of Natural History's history division will remain on view through October 30, at Exposition Park. With its theme "Southern California — Its Past, Its Present, Its Ever-Changing Scene" it sounds like a must for school children as well as camera bugs.

Marine McCall In Training

Marine Air Reservist Private First Class Robert C. McCall of 411 Grove St., Sierra Madre, California is now undergoing two weeks of intensive training at the Marine Corps desert air station in Yuma, Arizona. His unit will return to California August 20.

The citizen Marine is a member of Marine Attack Squadron 241, commanded by Lieutenant Colonel Jacques W. Cohen, which normally trains at the Naval Air Station, Los Alamitos. VMA 241, is a combat ready jet squadron flying the small but potent A4B Skyhawk. It's the nation's smallest carrier-based tactical aircraft and can deliver both the conventional and nuclear weapons against enemy targets, plus give valuable close air support to ground troops. The A4 is presently being used extensively in the Viet Nam air strikes against the Viet Cong.

Active duty for Pfc McCall, a safety and survival man for the next two weeks will be the same received by his regular duty counterpart. He will take part in intensive flight operations employing current tactics, and procedures providing support for air/ground exercises, in order to enhance the combat readiness and mobilization potential of the 4th Marine Air Wing.

Renee Tamara is the name of the 7 lb. baby girl born July 31, also at Methodist Hospital, to Mr. and Mrs. Ward Dwyer, 610 W. Sierra Madre Blvd. This couple, who moved here some eight months ago from Fresno, have a young man son of six, named Randall Ward, so the PTAIL get 'em soon. The grandparents, Mrs. Iris Bland and Mr. and Mrs. Will Scrivner, all live in Fresno, not too far for visiting.

Look for your neighbor in church this Sunday.

Letters To The Editor . . .

Dear Editor:

A note to you concerning the use made of the grand prize at the Sierra Madre Baseball Association dance last May; the prize was three days and two nights for two at the Hacienda Hotel at Las Vegas.

My wife and I left Sunday morning from Ontario Airport on Bonanza Silver Dart flight; 50 minutes later we touched down on the runway at Las Vegas.

Fabulous Las Vegas was a "cool" 110 anywhere, when we arrived. That night at 11 p.m. it tapered off to 94.

Sunday we spent relaxing near the pool of the hotel, partaking of the sumptuous buffet Civil War brunch (all you can eat for \$1.75), and trying our luck at the gambling tables of the hotel and "downtown."

The next night was spent trying to "get even" with the house. It seemed, at first, that the odds would prevail and that we would leave our "gambling money" at Las Vegas as is so often predestined for most people.

The gods were good to us: I had been reduced to my last \$10 when I received the dice at one of the hotel's crap tables. The next 20 minutes was "one of those times" when things break right. I proceeded to make about 10 points on the table; through doubling on my bets and with incredible luck I managed to draw back all the money previously lost, plus some little extra.

We checked out Tuesday morning and returned by Bonanza Air Lines. This time the return flight was more apprehension-filled than the flight in. Two things contributed to this: When we arrived at the airport we saw a mechanic working on the right motor of our plane (we were delayed one-half hour), and the return trip was filled with air pockets and rough weather generally.

The Silver Dart did hit its target and we soon returned home, tired but happy.

Thanks to the Sierra Madre Baseball Association, my wife and I were able to spend an exciting three days at fabulous Las Vegas. We would like to thank all those involved.

—KEITH AND DOROTHY McKAY
Sierra Madre

Editor's Note—Thanks for your thoroughness in sharing your prize trip with all of us.

ATTEND THE CHURCH OF YOUR CHOICE SUNDAY

You and Your Neighbor

By Mary-Madeleine Lamphier

Some more candidates for future Rose princess have appeared on the scene recently. Mr. and Mrs. Arthur Olsen of 538 W. Alegria, who moved here about a year ago, have one little daughter of two, Karen Eileen, and on July 31 their second girl, Jacqueline Anne was born at Methodist Hospital, weighing 7 lb. 12 oz. Their mother's father, William Molumby, lives in San Diego and her uncle and aunt, Mr. and Mrs. Owen Smith are in Santa Ana, so there will be some relatives cooing over the crib in the early months. Later, this family hope to pay a visit to Minnesota so Mr. Olsen's numerous brothers and sisters can get in on their share of ohing and ahing.

—☆—
The new baby girl, a first child, at the home of Mr. and Mrs. Raymond McConnell the third has been named Amy Elizabeth, and when she was born on July 27 at Saint Luke Hospital she weighed a dainty 6 lb. 8 oz. Her paternal grandparents, the Raymond McConnells, Jr. live in Pasadena, and the baby's mother has an aunt and uncle, Mr. and Mrs. Donald Capelle, who live here at 361 San Gabriel Court. The maternal grandparents, Mr. and Mrs. Ward Fisher live in Iowa but Mrs. Fisher plans to come out for a visit in October. Meanwhile, the baby's great grandparents, Mr. and Mrs. Dean Fisher are here in Sierra Madre from Iowa combining a visit with surgery for Mr. Fisher. So there's one baby and mother who'll not lack attention! Amy Elizabeth's parents just moved here in May, perhaps influenced by the fact that the mother lived here in Sierra Madre before with her aunt and uncle while she attended evening classes at PCC and you know how it is, once you've lived in Sierra Madre.

—☆—
Imagine that the Anderson and Albertson families must have been quite an interested audience when their "make-believe lost" boys Ken and Tom returned home from Saturday's day-long stint before cameras for future TV projection on the roll of the bloodhounds in the work of our Search and Rescue Team. Especially the younger members must have been impressed: Ken Anderson has a younger brother Eric, 13, and the brother-sister twins, Heidi and Kurt, who are 7. Tom Albertson has a sister, Linda, and you know how girls are as an audience. Both the boys' families are spending their vacation leisure, what they can gain of it, in summer activities here at home, and obviously their programs tend to be lively.

—☆—
Annette and Sam Perloff, 1431 Oak Meadows Rd. (and Royal Drugs) and son Stephen took off by air for a long weekend visit with son Allen at Lackland AFB, Texas, where he has been stationed for a couple of months and is waiting for assignment. Fortunately he had warned the family that he'd lost lots of weight, so fond parents did not collapse when greeted by a near stranger, 25 pounds lighter and close-cropped as to hair. At the moment Allen is assigned to Hartland Hospital. The family took advantage of their trip to visit Austin to see the capitol, went to Johnson City, saw Mr. Perloff's cousins, Mr. and Mrs. L. Kolinsky in San Antonio first time for some 25 years.

—☆—
Those families with ball players have to do quite some scheduling. Mr. and Mrs. James Walters, 109 Sierra Place, managed an early trip to Tahoe, taking along Julie and James, when the young James was involved with the Pony League, and now Jay has been lined up for softball games, so they had to wait till now to keep promise to the younger members for a trip away, which the whole family has taken together.

Mrs. Roy Doty
229 N. Hermosa
Sierra Madre, California
Dear Mrs. Doty:

Thank you for your letter of August 2.

The State Curriculum Commission has recommended the textbook you mention only on the firm understanding that extensive changes will be made

by the author and publisher before the book is placed in California classrooms. I believe that such corrections and emendations will solve the problem you describe.

Cordially,
—MAX RAFFERTY.
